*Endorsement does not match Colorado AFL-CIO

How you vote is a personal decision. The USW Colorado Legislative Education Committee (state and county races) and USW District 12 (federal races) have done the research, met with candidates, and have concluded that these choices will best protect workers' rights, retirement security, and the middle class. Not all races and ballot measures were discussed. Unless otherwise noted above, the USW concurs with all endorsements by the Colorado AFL-CIO Committee on Political Education (state and federal candidates and ballot measures), and the geographic Central Labor Councils where our represented plants and workplaces are located (county races). That list can be found on the back of this flyer for easy reference.
